

MITZVAH DAY 2014 REPORT

MitzvahDay 

OVER 500 PARTNER COMMUNITIES TOOK PART IN MITZVAH DAY 2014

45 communities

An additional 45 communities participated in Mitzvah Day this year

37,000 people

bringing over 37,000 people together to do hands-on social action

20 countries

in 20 countries across the world.

17

A key area of growth was young adults with 17 Mitzvah Day Active groups, an increase of X% from 2013.

55

A record 55 Mitzvah Days were inter faith – Jews working alongside a community from another faith, in order to build much needed bridges between local communities.

90,000 hours

In the lead up to Mitzvah Day and on the day itself, an estimated 90,000 hours of time were donated by volunteers, which equal over 10 years of time.

BUILDING BRIDGES AND BREAKING DOWN BARRIERS

On Mitzvah Day 2014, 55 Jewish communities ran a social action project alongside a community of another faith – Christian, Muslim, Hindu, Sikh, Bahai, Buddhist, Quaker, Bravanese or Zoroastrian! The vast majority (97%) of these Partners want, or might want, to work with the other faith group again. 99% of those asked agree that inter faith social action is a good way of building relationships between faith groups.

Mitzvah Day was proud to launch Inter Faith Week and continues to be the largest event during the week. A new partnership with the Council for Christians and Jews saw branches and offices across the country working together on Mitzvah Day.

Mitzvah Day has been praised by political and community leaders alike, described by Prime Minister David Cameron as “a wonderful example of how people from all faiths and backgrounds join together for the shared purpose of a greater good.” Our Founder and Chair, Laura Marks, received an OBE in the 2015 New Year’s Honours list, to reflect her work and success so far in the inter faith world.

Coordinators and participants agreed overwhelmingly that inter faith social action projects help to build relationships between faith groups. “Joint projects working together, raises understanding, changes perceptions and ignorance” (Nottingham Hebrew Congregation coordinator).

ADDRESSING HOMELESSNESS AND HUNGER

Mitzvah Day 2014 focussed on homelessness which continues to rise across the UK. Our "Shmitta"-related project in conjunction with the Trussell Trust saw dozens of groups collecting and donating food to 20 foodbanks across the UK. Our 'Give Away Your Lunch' project involved 77 office based teams donating food to local homeless shelters, including 27 Santander local branches.

Case study: SANTANDER TEAM IN LEICESTER

"At Santander we strive to make a difference in the community and Mitzvah Day was a perfect way for us to work together with our colleagues to help local people.

In our department we organised a food drive to support Mitzvah Day. It started off small with our team of about 10 people and we gathered a good collection of foods to donate. We felt we could do more though and so we put the word out across

our entire office and asked for help. The response we received was overwhelming.

We were inundated with donations and emails asking to help. The generosity of people was outstanding, most bringing not just single items but whole bags of donations. We collected in the region of 600 items, everything from washing up liquid to baby food and donated it to two food banks in Leicestershire, the Trussell Trust Lutterworth food bank and Charity Link." (Coordinator, Santander Team in Leicester)

MAKING A DIFFERENCE ALL YEAR ROUND MITZVAH DAY 365

Many of those who participate on Mitzvah Day want to engage in the longer term and in 2014, we introduced and supported a number of projects throughout the year, helping communities to develop the relationships started on Mitzvah Day.

In the inter faith arena particularly, we recognise that relationships need ongoing support and encouragement, and our inter faith cooking sessions at JW3 for example, bring representatives from faith communities together to meet, chat and build familiarity, whilst making a practical difference to a local charity.

Moving forwards, our environmental projects on Tu B'Shvat, 'Give Away Your Chametz' project at Pesach and visiting care homes at Purim give people who participated in Mitzvah Day an opportunity to repeat their project and further the relationship with their chosen charities.

Our first Mitzvah Day Awards, presented on Mitzvah Day 2014, recognised some of our Partners who have made efforts to continue their projects throughout the year and we were proud to honour the winners and runners up.

DOING MITZVOT AROUND THE WORLD

Whilst tragedies can too often bring the international Jewish community together, Mitzvah Day is a proactive and positive initiative which unites thousands of Jews with a common goal. Mitzvah Days took place in 20 countries in 2014, with participation for the first time in Uruguay and increased participation in Spain and Germany.

Our international coordinators met and shared ideas through online webinars, so building powerful international links encouraging people to feel part of a larger international Jewish community.

The Coordinator of the Union of Jewish Women in Johannesburg, taking part in Mitzvah Day for the third year, said "Mitzvah Day allows me to forge relationships internationally and locally and see the smile on other people's faces."
